Farbauswahl:

Farben wirken in einem Dokument nie gleich wie in der Realität. Wählen Sie nie nach Prospekt, Internet oder PDF eine Farbe aus. Bitte entscheiden Sie sich nur anhand eines Originalmusters für Ihre Wunschfarbe. Die Muster der Korpus - und Abdeckungsfarben finden Sie in unserem Musterwagen. Von den Kunstharzfarben gibt es bei unseren Grosshandelspartnern 10 x 10 cm grosse Muster, die Sie mit nach Hause nehmen dürfen.

Sélection des couleurs:

Les couleurs dans un document ou en réalité ne font jamais le même effet. Ne choisissez jamais une couleur selon un prospectus, selon internet ou fichier pdf. Veuillez décider pour votre couleur désirée uniquement sur la base d'un échantillon original. Les échantillons pour les corps des meubles ainsi que pour les tables de lavabo vous trouvez dans notre présentoir chez nos partenaires. Pour les couleurs en stratifié il y a également des échantillons 10 x 10 cm que vous pouvez emporter.

Selezione dei colori:

I colori non sono mai uguali in un documento come nella realtà. Non scegliete mai un colore da una brochure, da Internet o da un PDF. Decidete il colore desiderato solo sulla base di un campione originale. Potete trovare campioni di colori per mobili nel nostro carrello dei campioni. I nostri partner all'ingrosso dispongono di campioni di 10 x 10 cm dei colori in resina sintetica che potete portare a casa.
